

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: January 29, 1996

SUBJECT: **SB 2258 - HB 2566**

This bill, if enacted, will amends the Nursing Practice Act to extend the period for a temporary nursing permit from six months to nine months for licensed nurses from other states seeking to practice in Tennessee. The bill also changes from 30 to 45 days prior to expiration of the term the requirement that board member nominations be submitted to the governor.

The fiscal impact from enactment of this bill is estimated to decrease state revenue by \$30,900 due to the deferral of payment of the regular \$110 license fee for 2,250 licenses for the additional three month period.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director

SB 2258 - HB 2566
